## CALL FOR SPECIAL SESSION

Submit your proposal to contribute to the conference with focused and emerging topics in AI-ML Systems

### SCOPE

We welcome proposals on **focused, emerging, or interdisciplinary topics** within AI-ML Systems, aligned with the conference scope.

- Provide a focused venue for discussion and dissemination
- Highlight emerging and fast-evolving research directions
- Foster collaboration between academia and industry
- Promote innovative system-level AI research

### FORMAT & EXPECTATIONS

Special Sessions consist of peer-reviewed papers presented within the main conference program.

Organizers are expected to ensure high-quality submissions and to outline a set of potential contributed papers aligned with the session theme.

All accepted papers will be included in the main conference proceedings and undergo standard peer review.

### SUBMISSION REQUIREMENTS

Each proposal must include:

- Title of the Special Session
- Organizers (names, affiliations, contacts, short bios)
- Session description (motivation, relevance, novelty)
- Interdisciplinary aspects (if applicable)
- List of 5–6 tentative contributed papers

Please refer to the **submission template** available on the website

### IMPORTANT NOTES

Special Sessions must ensure balanced and high-quality submissions

Papers will follow the same review process as regular conference papers

### SUBMIT YOUR PROPOSAL

Fill in the template and send it via email to:
